

## Barnegat Township Police Department

### Voluntary Surveillance System Registration

The Barnegat Township Police Department has a long and proud history of partnering with the community to be proactive in solving and preventing crime. As such, we are offering the community the opportunity to be part of the law enforcement process with this Surveillance System Registration. In registering your system with us, you will be added to a database with other community members. In the event of a crime or incident, we will have your system on file and may contact you to review footage that your system may have captured. This footage can be instrumental in helping us not only solve crime but prevent it in the future. We are proud to serve Barnegat Township and thank you for your continued support.
